Comments: Yes, I support FULL Pactola Reservoir -Rapid Creek Watershed WITHDRAWAL. Born in the Black Hills and raising my family here, I need clean water to drink and to recreate in. It is my home. Also consider that this land is NOT EVEN OURS and no company has a further right to come in here and destroy the religious and cultural land and water that belongs to the Native people who were here before us. The greed has to stop. Please, do not let them overtake our water.
