Comments: *Please help protect the wilderness for future generations to enjoy, including your children and grandchildren. To comply with the Wilderness Act, the Forest Service should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests. I support, and hope you will too, Alternative C, the Wilderness Exclusion Alternative.

*The Forest Service should also add the Moses Mountain Recommended Wilderness to Alternative C.

*Let Mother Nature do her thing! The agency should instead allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.
