Title:

Comments: Please protect complex mature forest lands and large trees in the Little White Forest watershed:

*Drop the 549 acres of remaining complex mature forests from the harvest plans;

*Protect all Douglas-firs trees with a 30" diameter or more in matrix stands; and

*Provide a no-cut buffer of 1.5 to 2 drip lines on all trees with a 40" diameter or more to protect their root systems from the negative impacts of heavy machinery.

Thank you for accepting public comments.
