Comments: Thank you for the opportunity to comment on this proposed USFS project.

I wanted to let you know that I support Alternative C, the Wilderness Exclusion Alternative. As such, the USFS should exclude all designated and recommended Wildernesses from its proposed cutting and burning plans for the Sequoia and Sierra National Forests - this will ideally ensure compliance with the Wilderness Act.

In addition, the USFS should add the Moses Mountain Recommended Wilderness to the preferred Alternative C.

Finally, instead of human-created fires, the USFS should allow natural, lightning-caused fire to play its ecological role in designated and recommended Wilderness on the Sequoia and Sierra National Forests.
