First name: Jennifer

Last name: Hamaker

Organization: Oregon Natural Resource Industries

Title:

Comments: ONRI - Oregon Natural Resource Industries represents over 10,000 people in Oregon. We were established in 2019 and our mission is to protect, defend, and support natural resources jobs, families, communities, and businesses. The Need for Change document does not meet needs of local communities, and does not reflect past comments on what needs changed in the current management plans. The planning team needs to hold meetings with the public to refine the Need for Change document that truly meets the need for change of the communities. Please do not silence and sideline those who work, play and raise their families in this area and others that share in our love of our land. Thank you, Jen Hamaker
