First name: Joseph

Last name: Toledo

Organization:

Title:

Comments: I feel we're not listened to with objection this area is significantly special since time immemorial This land is a power point place where emergence ceremonies were in practice til today. I know the process which has taken place with allowance is not agreeable with our tribal government and needs consultation to be properly put in place. I feel an alternate route or proper, that way you wouldn't have any problems with my people. I hope you agree with our responses
Thank Joseph B. Toledo Pueblo of Jemez
