Comments: VDOT received a request to review transportation impacts of the referenced proposal.

Comments
*The areas of potential impact include roads adjacent to or being crossed during maintenance of GWJNF lands, including pedestrian, bicycle, and transit corridors.
*All circumstances where the proposed project may impact transportation operations should be coordinated with VDOT prior to any construction.
*Activities requiring detours or other modifications to transportation operations should be conducted at times during which impacts will be minimized.
*Road signs should be provided to alert drivers, bicyclists, and pedestrians of utility work ahead, and any detours necessary to navigate around the work.
