Comments: I urge you to adopt alternative 4 and to NOT add lifts in the Rich Mountain area. I am a hiker, trail runner, mountain biker, and equestrian trail rider. I use trails all over the state for these disciplines.

This area of the state is beautiful, special and accessible. While I support it being improved, lifts would be detrimental to the environment, the landscape, the community, and to users of the trails who aren't mountain bikers (and I am one at times).
