Comments: The specific area of the bulldog fire needs reevaluated concerning recreational users. The shift has been toward dispersed utv campers. There need to be better signage and clear posting of the rules pertaining to off trail travel. Which brings up enforcement. There is one L.E.O.assigned to the garden valley area, and they also cover the sage gen area which has a geographical separation of a 2 hour drive so he is spread thin as it is, for meaningful interaction with the public in these sensitive areas a full time L.E.O is needed. Also think about trail and CG expansions to ease the stress on undersigned sites.

Thank you for your time and efforts with the fires y l you are appreciated.
