Title:

Comments: please consider Alternative C, with little to no use of herbicides and less/no logging. i live on a logging road and it is not fair that my family is not able to safely walk on the street for exercise as every day starting at 4am, logging trucks are speeding by every 20 mins or so. also, the use of herbicides by the county have adverse effects on my family's health and we require medical attention every time they spray. please do less logging and chemical sprays.
