First name: Raya Sol

Last name: Searls

Organization:

Title:

Comments: My name is Raya Sol I have lived in Prescott for three years and I want to announce my support for proposed mineral withdrawal of the Upper Hassayampa River. I want to be able to recreate there and if mining were to occur I would not be able to recreate there or be able to safely drink the water. Protecting our public lands and water is crucial for our people, community, and economy. Thank you for your consideration.
