Last name: Smith

Organization:

Title:

Comments: Born in Adirondacks to family of loggers tannery workers, chainsaw wielders hunters, AND LOVERS OF THE PRESERVED OLD GROWTH, WILD AREAS OF THE ADIRONDACKS.

Lived in White River watershed of Vermont for fifty years and hiked and camped often in Green Mountain National Forest.

Cannot believe the Forest Service is proceeding with more cutting and road building in Telephone Gap. Vermont is so deficient in old growth forests. How can you do this?

Please cancel the project.
