Comments: I am commenting in support of the rehabilitation and rebuilding of Monteuire Camp. It has a long history of providing a place for kids to experience nature. With more and more families living in cities it is more important than ever for kids to have opportunities to appreciate nature and realize how important it is to preserve wild and natural areas. Especially in Arizona having a camp in a cooler climate than Phoenix or Southern Arizona provides a respite from the summer heat. I support full re-establishment of the camp and hope the Forest Service will commit to a long term presence of the camp.

Thank you for your consideration,

Mark McConaughy
