Comments: As a wildlife/places advocate, I've learned habitat protection on the Flathead River is not something that can wait, and the Bob Marshall Wilderness Complex deserves immediate action in order to preserve the wild. Also, The Forest Service needs more scientific data informing user capacity numbers. Evenmore, immediate action is critical to address wildlife displacement in Wilderness caused by current recreation numbers and immediate action is needed to reduce impacts to the Middle Fork of the Flathead caused by flights in and out of Schafer airstrip in the Great Bear Wilderness.
