Comments: Please preserve this wonderful wilderness, I ask that you take steps toward limiting impacts and gathering data regarding recreation overuse, if it is truly interested in preserving the health of the Flathead River system, the agency should take this opportunity to research the impacts recreation is already having on Wilderness and wildlife, and act quickly to address the problems. Whether it is boats, planes, pack stock, or hikers, excessive recreation use will inevitably harm habitat and displace animals that rely on Wilderness in a world growing increasingly claustrophobic.

Wilderness is a place to enjoy and feel God's creations.

Thank you
