Comments: Montlure Presbyterian Camp in Greer, AZ has meant a lot to our family. My grandchildren were excited to stay on the Montlure site in Greer last summer. They have attended camp for several years. This is a beautiful area and the Presbyterian Church is doing everything that is requested of them to be able to return to the site permanently.

This process has been drawn out too long. Please work towards a permanent solution so the Presbyterian Church can have a camp on a permanent basis.
