Comments: Thank you for the opportunity to comment on the Flathead Comprehensive River Management Plan #56536.

Habitat protection on the Flathead River is not something that can wait, and the Bob Marshall Wilderness Complex deserves immediate action in order to preserve the wild.

- Immediate action is critical to address wildlife displacement in Wilderness caused by current recreation numbers.

- Immediate action is needed to reduce impacts to the Middle Fork of the Flathead caused by flights in and out of Schafer airstrip in the Great Bear Wilderness.

- Immediate action is needed to bring the impacts along the South Fork of the Flathead into compliance with the area's Wilderness Management Plan.
