Title:

Comments: Immediate action is critical to address wildlife displacement in Wilderness caused by current recreation numbers and to reduce impacts to the Middle Fork of the Flathead caused by flights in and out of Schafer airstrip in the Great Bear Wilderness. In addition, immediate action is also needed to bring the impacts along the South Fork of the Flathead into compliance with the area's Wilderness Management Plan.

The vast majority of use on the wild rivers should be allocated to public use, and commercial outfitting and guiding should be limited to only the level that is "necessary and "proper" as required by the Wilderness Act.

Data collection and analysis needs to include the entirety of the Flathead River corridor, one-quarter mile to either side of the river.

Thank you!
