Comments: I am writing to comment on the Flathead Wild and Scenic River and the Bob Marshall Wilderness Complex

Habitat protection on the Flathead River cannot wait, and the Bob Marshall Wilderness Complex deserves immediate action in order to address wildlife displacement in Wilderness caused by current recreation numbers.

Furthermore, immediate action is needed to reduce impacts to the Middle Fork of the Flathead caused by flights in and out of Schafer airstrip in the Great Bear Wilderness.

I believe that the vast majority of use on the wild rivers should be allocated to public use, and commercial outfitting and guiding should be limited to only the level that is "necessary and "proper" as required by the Wilderness Act.

Finally, data collection and analysis should include the entirety of the Flathead River corridor, one-quarter mile to either side of the river.

Thank you for considering my comments on this important issue.
