Title:

Comments: Thank you for helping to protect this natural area where native wildlife can still find refuge from the encroachment of people.

However, limitations of current recreational use should be enacted. Please study the impacts of the current use to ensure the preservation of the wilderness and protection of the local wildlife. More data is needed to logically evaluate current stresses along the entirety of the Flathead River corridor.

Please enact immediate steps to reduce impacts to the Middle Fork of the Flathead caused by flights in and out of Schafer airstrip in the Great Bear Wilderness.

Please enact measures to reduce the impacts along the South Fork of the Flathead into compliance with the area's Wilderness Management Plan.
