Title:

Comments: The Forest Service needs more scientific data informing user capacity numbers.

Immediate action is necessary to address wildlife displacement in Wilderness because of recreation usage numbers.

Also reduce impacts to the Middle Fork of the Flathead caused by flights in and out of Schafer airstrip in the Great Bear Wilderness. ction is needed to

Commercial outfitting and guiding should be limited to only the level that is "necessary and "proper" as required by the Wilderness Act with recreational use appropriate for minimizing wildlife disturbance.

The Wilderness Management Plan should be followed and the area studied above the river on both sides to protect water quality and reduce fire danger. There must be designated areas that are fire safe for camping.
