First name: James

Last name: Chapin

Organization:

Title:

Comments: I am a packrafter. I support

-free, mandatory float permits to improve visitor use data without restricting access

-waste packout and firepan requirements to protect water quality and the environment. There should be flexibility in firepan sizes and waste systems suitable for packrafters.

I would like to see transparency on how user capacities were determined and how private user input was considered.

Please also clarify how private individuals will be managed differently from outfitters.
