Comments: Hello, thank you for the opportunity to comment. Please see the following comments:

I support the free, mandatory float permits to improve visitor use data without restricting access.

I support waste packout and firepan requirements to protect water quality and the environment-while advocating for flexibility in firepan sizes and waste containment systems suitable for packrafters.

I recommend that increased visitor experience monitoring to track congestion and river conditions.

There needs to transparency on how user capacities were determined and how private user input was considered.

I encourage the Forest Service to clarify how private paddlers are managed differently from outfitters.
