Comments: I am writing to share my hope that the USFS will process the federal NEPA review for the Montlure Camp in Greer, Arizona as quickly and smoothly as possible.

Montlure has been such a special place in my life since 1971 when I went there for the first time. I have been there many times over the years, having experienced it as a camper and helping with work camps. Three generations of my family have enjoyed Montlure, my parents, my husband and our son. We would all like to see Montlure continue so that others can continue to enjoy Montlure and find their own spirituality and enjoyment in such a special place. Thank you.
