Title:

Comments: Hello,

I am very excited about this proposed trail! As a hiker and mountain biker, this is a trail I will enjoy and am hopeful for the better access it will provide. The proposed route along the river will be absolutely beautiful! Trails are a huge community asset and we need more around here. More trails help boost the local economy and a healthy activity for all. New sustainably built trails will need less maintenance and are more enjoyable. Please move this plan forward!

Sincerely,

Kerrie Brokaw
