Last name: Turley

Organization:

Title:

Comments: I support sustainable, responsible recreation and a balanced decision between 'Alternative 1' and the original 'Proposed Action' for this project. I also encourage the consideration of developing more accessible, entry level trails. I support the designation and management of Class 1 eMTBS ONLY on all purpose-built, bike-optimized singletrack trails (Teton Pass and Shadow Mtn).

I support of the identified trail development in Shadow Mountain Area and Mosquito Creek.
