First name: Emmy

Last name: Anon

Organization:

Title:

Comments: My name is Emmy Carroll and I'm a environmental studies student at the University of Oregon. I call on the Forest Service to authorize all the beneficial fire language in the Draft Evironmental Impact Statement. I also call on the Forest Service to require that fuels reduction include a fire use component and incorporates the On Fire report recommendation. I call on the forest service to all tribal inclusion plan components in DEIS. This is important to me because I believe in Tribal Sovreignty and the importance of honoring indigenous people and their culture and traditions.
