Comments: Sawbuck Forest Management Project #67518

It seems that there is quite a lot of work to still to be done on this planning. I believe that steep slope logging and treatment in riparian zones and wetlands should be eliminated. More data is needed about the goshawk and bats in this habitat. Also, more information is needed about plans for Aspen. There should be very careful study of impacts upon nearby old growth and Botanical Areas. There are already too many roads in the Black Hills!
