First name: Kayla

Last name: Brown

Organization:

Title:

Comments: My name is Kayla Brown, I've fortunately grown up here in the beautiful PNW. I STRONGLY urge the Forest Service to strengthen, rather than weaken our protection services. I grew up going camping, fishing, and exploring in the woods and mountains so close to us. Family camping trips multiple times every summer. Random drives out to Fall Creek just to get lost in the beautiful trees and creeks. It is my home, my safe place, where I dream of being while at work. If these areas mean so much to me, they have to inspire and mean so much to others how they have to me.
