Comments: Our public lands must be conserved; along with our Wildlife. NO HUNTING OR TRAPPING. PLANTING INSTEAD OF LOGGING. If you must log, NO CLEAR CUTTING. NO OLD GROWTH LOGGING AND TREES WITH NESTS MUST BE IDENTIFIED AND LEFT ALONE. WE NEED MORE TREES AND WILDLIFE PROTECTED! WE MUST FOLLOW SCIENCE/REAL SCIENCE AND IGNORE INDUSTRIES/CORPORATIONS AS THEY ARE THE ANTITHESIS OF BEING GOOD STEWARDS OF PUBLIC LANDS AND WILDLIFE!
