Action Alert!

A stronger Northwest Forest Plan can help fend off attacks on federal forestland. Comment to support updating the plan [here](#).

Dear Jamie,

Take action to strengthen the future of Washington's federal forests!

Submit a comment by Monday, March 17th to ensure strong climate resilience and Indigenous management elements are incorporated into the current Northwest Forest Plan Amendment process. We've added some recommended, customizable language to use in the USDA's online form below, as well as background info.

Take action

Use (or better yet, customize) this comment language and support a strong outcome for the Northwest Forest Plan by 9am on Monday, March 17th:
