First name: Mandy

Last name: Rock

Organization:

Title:

Comments: We expect the following:

- Protect mature and old-growth forests, don't raise logging limits to 120-150 years
  - Save local wildlife, such as the Northern Spotted Owl and Marbled Murrelet
  - We need forests to combat climate change and fires, cutting them down increases our risks. INstead grow sustainable lumber
  - Support stewardship of forests through local tribes
- Value American recreation and protect the wildlife as it is naturally.
