Comments: As a frequent visitor to our forests these are the things that need to be done.

- \* Don't raise logging limits to 120-150 years.
- \* Save wildlife like the Northern Spotted Owl and Marbled Murrelet.
- \* Intact forests fight climate change and reduce wildfire risk - cutting them down does the opposite.
- \* Support Tribal stewardship - but don't tie it to logging increases.
- \* Value recreation, clean water and fish habitat over timber profits.

I am also an arborist, and professional tree feller who has worked in the logging industry. I DO NOT want large mature trees being cut for timber. They provide much more benefits standing!!!
