Comments: \* Protect mature and old-growth forests - don't raise logging limits to 120-150 years.

\* Save wildlife like the Northern Spotted Owl and Marbled Murrelet.

\* Intact forests fight climate change and reduce wildfire risk - cutting them down does the opposite.

\* Support Tribal stewardship - but don't tie it to logging increases.

\* Value recreation, clean water and fish habitat over timber profits.

Be conscious. Don't prioritize short-term economic gains over our natural environment.
