Title:

Comments:

- * Protect mature and old-growth forests - don't raise logging limits to 120-150 years.
- * Save wildlife like the Northern Spotted Owl and Marbled Murrelet.
- * Intact forests fight climate change and reduce wildfire risk - cutting them down does the opposite.
- * Support Tribal stewardship - but don't tie it to logging increases.
- * Value recreation, clean water and fish habitat over timber profits.

protectpubliclands

I do not support increasing logging of our national forests. Especially old growth. This administration has zero regard for our environment. All they care about is making their campaign contributors happy. Got to pay em back the millions they gave for his campaign.
