Last name: Roszel

Organization:

Title:

Comments: Protect mature and old growth forests - don't raise logging limits to 120-150 years.

Keep intact forests to fight climate change and reduce wildfire risk - cutting them down does the opposite.

Save wildlife like the northern spotted owl and the marbled murrelet.

Support tribal stewardship - but don't tie it to logging increases.

Value recreation, clean water, and fish habitat over timber profits.
