Comments: To the USFS, Northern Hiils RD,I am pleased to see this project being proposed and fully support the efforts to diversify this very special slice of theBlack Hills! I encourage the improvements of wildlife habitat for big game and the ruffed grouse, that are strugglingto maintain populations in the area. I would ask that when the project activities conclude, that the minor roadscreated be eliminated or at least blocked to preserve the isolation that makes this area so wonderful. Thank youagain!Robert EddyPast USFS Spfh RD Firefighter"Fire Pigs" 1992-99
