Title:

Comments: Please protect our old-growth forests - don't raise logging limits to 120-150 years.

Help save wildlife like the Northern Spotted Owl and Marbled Murrelet. These birds are so special and are already so few- we don't want to see them go!

Intact forests fight climate change and reduce wildfire risk - we need more knowledge about this!

Please support tribal stewardship - but don't tie it to logging increases.

Help preserve recreation, clean water and fish habitat over timber profits.
