Comments: Hello!

Republican here. I'm all for limited government, but I also want my kids to have beautiful public land to explore, fish, and hunt.

I want them to experience biological diversity, clean water, and beautiful landscapes that they can be proud of.

That's why I'm concerned with the direction the current administration is taking us, especially land management agencies.

It appears you all are moving at rapid pace without any type of formal impact analysis. That is very concerning.

As they say, you can't unring the bell, and you all appear to be ringing a lot of bells.

Please take care of the land. I support timber harvests, but having spent time down south I know just how detrimental 100% clearing of native first-growth forests can be to a local population and culture.

Please don't let that happen in the PNW.

Sincerely,

Kanon D. Morris
