Comments: The proposed Perimeter Trail would exacerbate parking and traffic issues both near Town Park- where more day visitors will look to start a walk-and at the other end, where increased foot and vehicle traffic will spill onto narrow residential streets.

I believe the new Bridal Veil trail gets people to their goal of being up close to the waterfall.

The existing Idarado Trail feeds into Bridal Veil. One of the wonderful features of Telluride is all of the trails available to walk to from town. Spend money on existing trails with better signage letting visitors know of about trails.
