Comments: I have have made multiple requests for a 'printed' (actual printed, bound, etc not a photocopy) copy of the Draft Environmental Impact Statement (DEIS). Providing such is common practice, requisite under Council on Environmental Quality (CEQ) guidance, and is responsive to the need for thorough review by 'interested parties.' Yet despite the multiple requests and agency practice I have yet to receive a document some two weeks into the public comment period.

Please promptly provide me a printed copy of the DEIS so that I may review the document and provide comments.

You have my address!

Thank you.
