Title:

Comments: I am opposed to Telluride Mountain Clubs proposed trail at Sheep Mountain.

1. The proposed trail parallels an existing trail
2. Critical wildlife habitat and the largest migratory area for wildlife.
3. No where to park
4. Already too much traffic on the very small one lane Trout Lake Road.
5. Telluride Mountain Club has not contacted or discussed proposed trail with Trout Lake Residents, bulldozing their way into our community
6. Disrupting the forest may lead to an increase in wildfires.
7. There are better alternatives, just ask us. We live here , we know.
8. Everything that Sheep Mountain Alliance has mentioned as well.
9. Not a well thought out plan.
