Targhee you lost it,  
Mountain collective was the 1st mistake,  
Paid parking now? that will only get worse  
Season pass hikes,  
Bluegrass is now an elite activity,  
all about the \$ \$ \$.

Targhee and Teton Valley have left the locals who made this place amazing in the dust. The creators, builders, hard workers, service workers, and families. Only Creating environments for big money, Driving the original native population and locals out. High Taxes and living costs, You blew it, making Teton Valley into JH. Now you can smell the arrogance from Victor to Tetonia.
