First name: Dennis

Last name: Craig

Organization:

Title:

Comments: As much as the "old vibe" is cool, people have to realize that a ski areas must grow its facilities and amenities to continue competing for destination guests. Everything in this plan is reasonable. It will also take quite an investment on Geordie's part.

Unless I am missing it, I hope the expansion will include more easy trails from the upper part of the mountain. As a former Grand Targhee Instructor, TVT is the only jump up the mountain from Shoshone. So please keep that progression in mind for those skiers, especially family members, wanting to enjoy more of the mountain as their skills progress.
