Comments: I do not think the proposed expansions would improve the skiing experience enough to make the cost of expansion worth while. I think improving the Shoshone lift would help that area. A bathroom added on the ski patrol hut at the top of Dream catcher lift would help. If more dinning area is needed a restaurant could be added some where at the base but not at the top of the mountain that interferes with ski terrain. I have been skiing at Targhee since 1971 and like the smaller ski resort feel of targhee compared to Jackson Hole, Big Sky and resorts in Utah. If the needed improvements to existing lifts were made that would be a good improvement. Keep the home town feel of this ski resort. Many people I ride the lift with like targhee because it's different from those bigger ski resorts, keep the smaller resort feel and the prices affordable for the local skiers and the non local skiers who want a good affordable ski area. Thanks for letting a long time local skier have some input.
