Comments: Dear Inyo National Forest Planning Team,

I am writing to express my enthusiastic support for the proposed Sherwin Area Trails project. As a resident of Bishop and a frequent visitor to the Sherwin Meadows area, I greatly appreciate the initiative to improve and redesignate the existing unplanned and unsustainable trails.?

This project aligns with the Forest Service's commitment to sustainable recreation and environmental stewardship. By formalizing and enhancing the trail system, the project will not only protect sensitive habitats but also provide safer and more enjoyable access for hikers, bikers, and other outdoor enthusiasts.?

The collaborative approach between the Inyo National Forest and the Town of Mammoth Lakes demonstrates a commendable effort to engage the community in land management decisions. I am confident that the proposed improvements will benefit both the environment and the local economy by promoting responsible recreation and tourism.?

Thank you for considering public input on this important project. I look forward to seeing the positive impact it will have on our cherished natural landscapes.

Sincerely,

Petr Pchelko
