Comments: The Black Hills are my home and my husband grew up here. The "hills" are a sacred space to both of us as well to the Lakota people and especially the Pe' Sla as a ceremonially area. It is unclear exactly where the proposed Pete Lien and Sons Rochford Mineral Exploratory Drilling Project #67838 is located as their maps are fuzzy. I would like to go on the record to and ask the Forest Service to do an Environmental Impact Statement (EIS) for this project. Also request a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment.

Thank you!
