Last name: Morrisette

Organization:

Title:

Comments: Hello. My name is Amanda Morrisette and I am a Lakota Woman who cares about this project and the Black Hills. The name of the project is Rochford Mineral Exploratory Drilling Project. I would like to request a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment and express their right to the land we breath on and drink water from. I strongly oppose the Rochford Mineral Exploratory Drilling Project. Being born indigenous is being born from and to nature and our lands. These lands are sacred and science shows the harms of this as well. I'd like to respectfully request the Forest Service to do an Environmental Impact Statement (EIS) for this project and that this EIS be shared with all entities allowing the destruction of our lands and our life to happen. Thank you for your time. Our lands are sacred and without our lands, we cannot have life. Respectfully, Amanda Morrisette 710 Cindy St Mission SD 57555 605-319-1100
