First name: Audrey

Last name: Swiatocha

Organization:

Title:

Comments: Don't do this. Don't drill on this sacred site. Respect the rights of the Indigenous people. Respect the environment. You think it's worth the money, but it isn't. You'll make a lot of money, more than can be spent in your lifetime, but your legacy will be that you are awful, selfish people. You won't be the hero when history is written.
