First name: Emily

Last name: Romero

Organization:

Title:

Comments: Unless this project can move ahead with more protections in place and a comprehensive long-term remediation plan (by the producers/extractors) is in place, this is a deal that does not serve the people or the land. Please be the stewards we know you can be. Please be aware that you are creating a legacy with your decisions and they affect many.

Thank you for your time and attention and thoughtfulness. Emily Romero
